Andrew Moore

DENVER, CO / 859.739.9879 / andrew@lessthanseventy.com / https://lessthanseventy.com

Passionate, determined, detail-oriented developer seeking a position where I can work on interesting problems and learn from interesting people.

Skills

- Advanced HTML5/CSS3 (CSS Grid, Flexbox, Responsive Design)
- Javascript, React/Redux, JQuery (Working knowledge of other frameworks Svelte, Mithril, Angular, Gatsby, Next.js etc.)
- Very comfortable with Linux, and with CLI tools (Docker, git, npm, yarn, sed, awk, grep, SSH, Bash scripting, etc.)
- Advanced knowledge of debugging with Chrome DevTools
- Working knowledge of database technologies (MySQL, PostgreSQL, mariaDB)
- Working knowledge of various cloud technologies (Amazon AWS, Azure, GCP, Digital Ocean)
- Strong written and verbal communication skills across all levels of technical ability
- Ability to work and learn independently and always looking for ways to improve.
- Thrive under a fast paced environment and have the ability to juggle multiple projects and context switch with ease.

Personal Projects

- https://lessthanseventy.com – My personal website and blog. Written in Gatsby.

- LyricsMarkov – A site where you enter an artist you enjoy. It fetches the top ten songs for that artist and their lyrics from the Genius API and uses Markov Chains to generate a new, similar sounding song.
